

BADGER MOUNTAIN

CERTIFIED ORGANIC VINEYARD

2009 RIESLING

COLUMBIA VALLEY | NO SULFITES ADDED (NSA) ORGANIC

TASTING NOTES

This wine bursts with aromatics of mandarin oranges, pineapple and kiwi fruit. Satsumas unfold on the palate and mingle enticingly with citrus zest and Linden flowers. With just a hint of Asian pear joining the mid palate the flavors are broad and coating until they conclude in a zippy and bright finish. The lingering sensations of fruit are perfect and would make an excellent pairing with spicy asian food, light meats, as well as savoring a glass on its own!

4% Badger Mountain Estate Vineyard Muscat Canelli, Columbia Valley

WINEMAKER'S NOTES

We strive to make our Riesling in a style which most perfectly reflects the delicate flavors of the grapes. We harvest these grapes in the cool of night which allows for the fruit to be delivered in optimum condition. Harvest is followed quickly by destemming, crushing and pressing. All Riesling is fermented entirely in stainless steel with Elegance, a yeast strain which preserves the intense aromatics and bracing acidity. The finished wine maintains the beautiful layers of fruit, while emphasizing a bright acidity. This vintage boasts abundant layers of stone fruit and spice that typify Washington State Riesling.
