Cinsault grapes

Winemaking Notes:

Harvested 2 bins of Grenache/Cinsault mixed, destemmed, crushed and Rhone 4600 yeast into a temperature controlled SS tank. Then added 150 gallons on 'Free Run' Syrah and 150 gallons of 'Free Run' Zinfandel about a week apart. Slow cold fermentation lasted about a month. Cold stabilized, heat stabilized with bentonite clay, then 'sterile' filtered as bottled.

Wine descriptors:

This handsome blush wine has an alluring delicate floral/fruity nose that just pulls you in to the wonderful soft tastes of strawberries, white peaches and citrus. The off-dry sweetness is well balanced with its acidity making a most pleasant finish.

Food Pairing Notes:

Although Sierra Dreams is the ultimate socializer and needs no food to enjoy, eventually you get hungry. Delicate but not bashful, Sierra Dreams can pair nicely with fruit salad, salads with creamy dressings, roasted chicken, seafood with butter, cream or fruit salsas. Its fresh fruity slightly sweet character is a good match for delicate spicy Thai cuisine too.
